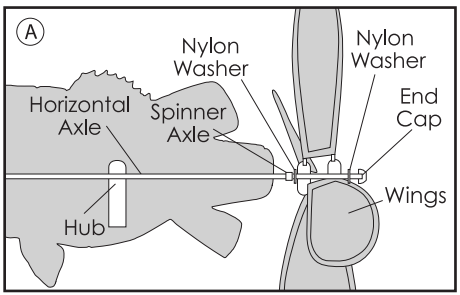
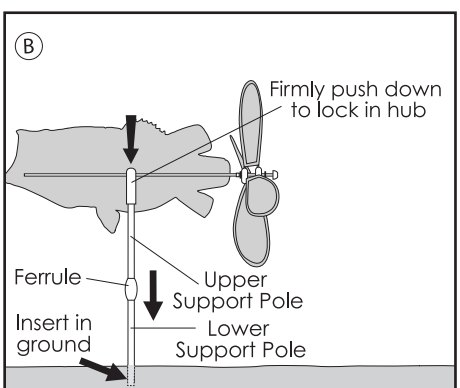
Bass *assembly instructions*





Step 1
Slide one Nylon Washer onto the Horizontal Axle.

Step 2
Slide on Wings and second Nylon Washer. Attach End Cap. Please note that the end cap needs to be pushed on the rear of the axle with some force.

Step 3
Slide narrow tip of Upper Support Pole into Hub and firmly push until it locks into place.

Step 4
Connect Upper Support Pole with Lower Support Pole and stick spinner in ground.

PLEASE NOTE: It is recommended that you take your Petite Spinner inside during storms and harsh weather to preserve its durability.
