

WELCOME

As with every product we make, Premier is committed to excellence. Each flag, whether garden size or house size, small pennant or 16' feather banner, embodies the same elegance in design, exquisite workmanship and top quality fabric that distinguishes Premier's flags from others on the market. Our designs employ classic themes with contemporary flair, capturing the beauty of nature, the magic of the animal world, the mystery of the changing seasons and the spontaneity of celebrations.

Flag Fabric Key:

Brilliance™ - Brilliance is our pioneering technique that involves dye-sublimation on a heavy-duty 310 denier polyester flag base with handcrafted embroidery stitching.

Illumination™ - Illumination refers to our single layer heavy-duty 310 denier polyester with a double dye-sublimation process for the brightest colors.

PremierSoft™ - PremierSoft is our specialized fabric made to have a super soft drapeable hand yet heavy enough for outdoor use. Its thickness and composition also allows for correct text reading on both sides.

Appliqué - One of the original flag building techniques, our Appliqué Flags are constructed by joining different color pieces of durable SunTex™ fabric together for a beautiful mosaic of color and contrast. All feature attractive embroidery stitching for an eye-catching crafted look.

Double Sided Appliqué - The most exquisite and durable of all crafted flags, Double Sided Appliqué crafting embodies two complete appliqué flags that are sewn together back-to-back. This double layer also includes a center layer for extra body and durability. Because of this double construction, these flags are extremely durable, hang beautifully on house flag poles and any text can be read correctly on both sides. Some of these models feature unique fabrics such as burlap for added charm. All feature attractive embroidery stitching for an eye-catching crafted look.

No other decorative flag in the industry represents a higher quality of materials and complex workmanship than Premier's Extra Large Elite Lattice Flags. Constructed of fade-resistant SunTex™ fabric, these flags have a large 36" x 52" size yet fit any standard house flag pole. All are hand crafted with over a hundred pieces of lattice panels that are individually edge bound for years of beautiful display. These spectacular flags will boldly showcase a broad range of themes and art for any home installation.

All Oversized Elite Flag pole sleeves have inside tabs made from double-layered extra thick reinforced material for maximum durability and security

Each hand-sewn segment is crafted with edge binding to prevent fraying

INTRODUCING THE SUSAN WINGET COLLECTION

Soon after graduating from the university of North Carolina and marrying her husband Al, Susan Winget began painting small watercolors from her home with the modest goal of adding "butter and egg" money to the family while staying home with her children. More than thirty years later, the art studio has flourished, growing to meet the increasing demand for Winget's warm and vibrant paintings. All along the way, it has served as second home to Susan and her children. Together with a group of talented designers, Winget has created a diverse portfolio of images that touch everything from dinnerware, stationary, home décor and more. Her enjoyment and celebration of everyday life comes through in her art. "Every morning when our staff meets," says Susan, "we set our schedules and count our blessings!"

Appliqué flags don't have to be simple, commonplace, and boring. Premier's Appliqué flags will add color and personality to any home or garden. Complex embroidery stitching adds definition and vibrancy to our wisely chosen themes.

Our two-sided construction technique and uv resistant SunTex™ fabric enables enjoyment for many years. The Prestige series flags are made especially larger than our standard flags and feature some of the most complex and detailed appliqué work Premier manufactures. For the largest and brightest splash of color on a house flag pole, the Prestige series really delivers big!
