Premier Designs, in cooperation with David Ti, is proud to manufacture the full line of SoundWinds™ flags, banners and windsocks. Ti surpasses other geometric appliqué banners with his spectacular juxtaposition of colors and angular shapes. Please note, the SoundWinds™ line is extensive and includes a wide variety of banner sizes—from ones to match traditional house flagpoles all the way up to large sizes to fit 16' windsock poles. With this huge collection you will find a SoundWinds™ product to create the perfect visual statement in any outdoor area. All SoundWinds™ products are built with UV resistant SunTex™ Fabric.

# SWIMMING FISH

You will adore the animated swimming movements of these amazing wind devices that are a cross between a weather vane, a windsock, and a pet! Put several in a yard and they sensationally "school" together like real fish in the sea. Constructed from durable SunTex™ fabric.

How do you describe Premier's Pet Windsocks? Absolutely adorable! These cute critters feature charming separately applied ears, paws and tails. However what will be really tugging at your customers heartstrings are these lovable animal faces that shout "Please take me home!" Distinctive from conventional cylindrical windsocks, our Pet Windsocks bodies are truncated and wider at the top to show off each unique face. Pet Windsocks come in two sizes and offer a wide selection of popular dogs and cats.
