

# Assembly Instructions for #84065 Red Rose Solar Stake

- ① Drop hub with drilled holes into upper pole shaft. Secure top with end cap.

- ② Insert the 4 large size petals into the two lower most rungs of holes on the hub. Place one tab of each petal in the lowest row, and the opposite tab of each petal into the row above so that each petal is fixed at a slight angle. Push hard to secure.

- ③ Insert 3 medium size petals into the middle rung of holes. Push hard to secure.

- ④ Insert 3 small size petals into the top rung of holes. Push hard to secure.

- ⑤ With all ten petals now inserted into three rungs of holes, you have created a beautiful Rose.

- ⑥ Insert the finished pole into the ground shaft with pointed tip and drive it into soft ground. The Rose adorns your garden during the day and glows in different colors at night!

BE SURE TO CHECK YOUR FACTORY PREINSTALLED BATTERIES to see if they are still working. If not, replace batteries before using the solar stake.
